

Answering Multiple Choice Questions

1. Read question thoroughly
2. Use a “cover-up” strategy to guess the answer before looking at the choices.
3. Choose the best answer if it matches your answer.

If you still do not know the answer:

4. Eliminate obviously wrong choices. This increases your odds.
5. Go back and re-read the section involving your question.
6. Never leave it blank!!
7. Always read every choice!!
